

A Report on Wall Magazine Published by the Dept. of Chemistry on 2nd Aug., 2024.

A wall magazine named as “Women in the field of science” was published with its first series on 2nd Aug., 2024, Friday at 9.30 AM in the department of Chemistry. It was prepared by the students of B.Sc. Chemistry (Major), Sem-2. The magazine was inaugurated by, Hon’ble H. O. D. of the department, Prof. Sukla Chakladar. All the respected teachers were also present at that moment. Remembering the famous women in the field of science was the main objective of the magazine. The magazine discussed about them and their discovery. Undoubtedly the magazine was informative and helpful for the students as well as for the teachers to find the History.
