

Minutes of the IAEC meeting dated 21/10/2019 of Rammohan College bearing registration no 1795/PO/Re/S/14/CPCSEA

Chairperson Dr. Gouriprosad Datta welcomed all the members of IAEC, Rammohan College. Dr. Datta suggested to consider today's meeting as an emergency meeting due to short term notification.

Dr Sarbani Hazra intimated the chairman regarding her joining Sabbatical position at University of Pennsylvania and her inability to participate in the coming meeting of IAEC, Rammohan College by email on 5/10/19.

Dr. Chakraborty, the Link nominee, suggested that the minutes of the previous meeting along with the project proposal of Dr. Sonali Ghosh only will be discussed today.

Dr. S N Banerjee read out the proceedings of the meeting of the Governing body, Rammohan College held on 7/05/2019.

All the members appreciated the resolution of the GB regarding the suggestions of IAEC.

The project proposal of Dr. Sonali Ghosh was discussed thoroughly with a couple of corrections and suggestions.

The study design for the first year has been provisionally approved with changes in number of animals provided on the release of grant from the funding agency. Hence, animals can be only provided after the approval of the funding agency. Total number of animals is 25 female Wistar Rats.

For PCOS development an alternative agent like dihydrotestosterone (DHT) has been suggested.

After the treatment period Euthansia should be made for collection of blood and other organs.

Histological sections of both ovary and uterus should be studied.

If approved by DST, the progress of the experiments to be reported to the IAEC after completion of one year.

Meeting ended with thanks to the chair and the members.
